Subject: Change of packaging charges related to shipment security checks

Dear Partners,

Based on Regulation No. 2015/1998/EU in case of screening is not possible during the security control check of the shipment for air transportation (density disallows transparency or the piece does not fit to screener), packaging may be broken and/or test holes may be opened (drilled, cut) on the outer packaging according to permitted procedural directives for the inner sampling of the shipment to enable an alternative verification technique as per existing regulations. Furthermore, if the opening of the outer packaging is not sufficient for the inner sampling, then any type of inner packaging (e.g. shrink-wrapped) may be opened to enable an alternative verification technique.

Based on the feedback received from our valued Customers related to the to repacking fares/procedures (applied after aviation security checks,) hereby we are pleased to inform you that **charges will be standardized as of 24th December 2020 as follows:**

Service	Price*
Repacking	35 EUR / piece
Strapping (if required)	8,5 EUR / piece

**Charges are exclusive of Value Added Tax, which will be levied additionally, if applicable.*

Shipment Security Check Statement shall always be submitted alongside with the shipments.

Please make sure that you use the new version, attached to this e-mail!

We trust that the above initiative will be warmly welcome and this standardization will enhance the predictability of the final charges for our Valued Customers!

In case of any questions, please do not hesitate to contact our Colleagues in charge:
